## CANADIAN RIVER BRIDGE GOES OUT

TRAINS ON FORT WORTH AND DENVER DETOUR BY WAY OF TUCUMCARI.

Before the pressure of the rain-swollen Canadian, approximately twenty spans of the Fort Worth & Denver City railroad bridge went out at an early hour yesterday morning at a point near Tascosa, thirty-six miles northwest of Amarillo.

The break was anticipated, following reported rise on the afternoon before near Logan, New Mexico, and the chief engineer and the work train gang were on hand when the flood swept down. Owing to the continued rise the work of repairing the damage may not be completed for several days.

All trains yesterday were detoured over the Rock Island by way of Tucumcari. The south bound passenger train, due in Amarillo at 6:20, reached here yesterday afternoon about 1 o'clock. The north-bound passenger train arrived last night on time, but general delay is anticipated for several days.

Report of a second rise of twenty feet became current yesterday, and in consequence County Judge W. M. Jeter and C. O. Wolfli hastened by auto yesterday afternoon to the county bridge on the Canadian. Judge Jeter stated that the road camp gang could be called in to service for the purpose of saving the bridge, if possible. No report was made last night to the Denver office, and hope is expressed that this prediction may not be fulfilled.

## BEAUTY BABY SHOW AT DEANDI THEATER TODAY

Beginning promptly at 2 o'clock this afternoon, the Beauty Baby Show, will open at the Deandi Theater. The Show will be held under the auspices of the juvenile committee of the Federation of Women, and from the keen interest manifested in advance, the attendance should tax the Deandi to its capacity.

Babies from six months to five years of age will be eligible. These will be numbered and taken in charge by a special committee of ladies, who will arrange them for inspection of the judges, upon whom will fall the difficult task of naming the prize winners. Some of the younger society gentlemen of the city will be chosen as judges. An admission price of fifteen cents will be charged, the purchaser being assured the regular Deandi matinee attractions in addition to the Beauty Show features. Of the receipts the Federation of Women will receive fifty per cent.

Announcement was made yesterday afternoon that the Better Babies Show, postponed from Friday afternoon on account of weather conditions, would be held without fail next Tuesday afternoon, beginning at two o'clock. The entry lists will be opened at the same hour, and all who desire to list their children for the examination and prize contest may do so at the High School building, where a special committee will be in waiting.

Following the opening day of the Better Babies Show a second and more important auto parade will occur, and the auto-owners of the city are requested to proffer their cars for this occasion. It is stated that a photograph of the parade will be made for use in Eastern publications, and a fine showing will prove a notable advertisement for Amarillo.

The ladies of the committee request that all physicians who will aid in the work of examination Tuesday afternoon meet in the office of Drs. Crume & Killough at 2 o'clock Sunday afternoon, as scientific requirements made by the National Better Babies Bureau will be gone into with thoroughness.

## JOINT MEMORIAL SERVICE BY TRAIN MEN'S LODGE.

A joint memorial service will be held by the B. of R. T. and O. R. C. lodges of Amarillo at the Central Presbyterian church Sunday night, and a cordial invitation is extended the general public to be present. A special program has been shaped.

## Guaranteed Eczema Remedy

The constant itching, burning, redness, rash and disagreeable effects of eczema, tetter, salt rheum, itch, piles and irritating skin eruptions can be readily cured and the skin made clear and smooth with Dr. Hobson's Eczema Ointment. Mr. J. C. Eversland, of Bath, Ill., says: "I had eczema twenty-five years and had tried everything. All failed when I found Dr. Hobson's Eczema Ointment. I found a cure." This ointment is the formula of a physician and has been in use for years—not an experiment. That is why we can guarantee it. All druggists, or by mail. Price 50c. Pfeiffer Chemical Co., Philadelphia and St. Louis.

## HIGHWAY PILOTS OFF TO ARMSTRONG COUNTY

President O. L. Williams of the Colorado-to-the-Gulf Highway Association, Engineers M. F. Leonard, and Marcus Doda, representative of the Automobile Blue Book Publishing Company, left Amarillo yesterday morning on their third lap of their initial tour over the proposed route of the Colorado-to-the-Gulf Highway.

President Williams and his associate pilots were escorted by an Amarillo delegation, who turned the visitors over to a welcoming party of Claude citizens, headed by J. Frank Slay. Some eight automobiles from the Armstrong capital were waiting at Washburn to take the visitors in charge.

A brief stop was made at Claude, at which point Mr. Williams addressed the citizens from the rear of an automobile, outlining details of the highway project, and citing the great material value which such a tourist route would prove to the Panhandle counties.

From Claude the party moved to Goodnight, where assurance was received that a heavy contingent of Donley county highway boosters would be waiting at the county line to receive them.

The Amarillo contingent returned about noon, reporting marked evidences of enthusiasm on the part of the Armstrong County people. Engineer Leonard was impressed with the excellence of the road between Amarillo and Claude, and when asked relative to improvement, stated that the best way to make that particular stretch perfect was to let it alone.

## HINTON NEELY MAKES AN ENVIABLE RECORD

Hinton Ted Neely, son of Mr. and Mrs. J. M. Neely of this city is among this year's graduates from the State University of Texas, receiving his A. B. Degree. Five years ago this young man was the honor graduate of the Amarillo High School. After one year of work on his father's ranch he entered the University and has made a remarkable record as a student. His power of application and concentration may be seen in the fact that while he has been carrying the work of the regular A. B. Course he has also taken considerable work in the law course. This past year he carried nine courses—six literary and three law—and in each he made a grade of 90 and so was exempt from examinations. He intends to remain in Austin for a few weeks to do some extra work in studying law and will then enter the senior class of the Law School in the fall so as to complete in five years the two courses—literary and law—usually requiring seven years study.

While making this record as a student he has time for other things. He has had the honor of being the president of the "Panhandle Club," consisting of 25 students from the Panhandle, and was the president of his class of 149 students during the fall term of 1912.

His many friends in Amarillo will be glad to see Hinton home for a brief vacation, after finishing his extra summer work, before taking up the last year's work for his second degree.

## FARMERS INSTITUTE TO MEET THIS AFTERNOON

A important meeting of the Potter County Farmers' Institute will be held this afternoon, beginning at 2:30 o'clock, in the District Court Room, and it is believed that a new record will be made in point of attendance and enthusiasm.

The selection of delegates to the State Farmers' Institute, to be held at College Station July 21-August 1, will take place this afternoon, and other business of importance will be transacted. Since the last meeting the membership of the Institute has been increased to 119, which entitles Potter County to six delegates to the State meeting.

These delegates, it is believed, will be joined by the representatives of other county Institutes in this section, and the entire Panhandle contingent will go to College Station in a body. By this method a strong showing may be made, and letters from outside points indicate that the idea is strongly in favor. Selection of Institute delegates will occur in most of the Panhandle counties today.

When the baby takes too much food the stomach turns; the result is indigestion, sourness and vomiting. Frequently the bowels are involved and there is colic pains and diarrhoea. MOORE'S BABY ELIXIR is a grand corrective remedy for the stomach and bowel disorders of babies. It is pure, wholesome and pleasant to take. Price 25c and 50c per bottle. Sold by L. O. Thompson & Co.

## Price and Place

You can get Shoes and Oxfords at any price, most any place the trick is to get the best at the price and that is where the home of good shoes gets a chance to "Swell up" and "Show off" as the values we give you are better—yes, lots better. With our guarantee and free shines you get the most here at any price.
